Denpasar, Bali, Indonesia

Fullstack web developer with hands-on experience shipping production web applications end to end, across React / Next.js on the frontend and NestJS / Node.js (plus PHP, Laravel, and Symfony) on the backend, with TypeScript throughout. I work AI-first, using AI coding assistants to ramp quickly on new stacks and deliver production-quality code at pace. Information Systems graduate (GPA 3.71/4.00), open to frontend, backend, and fullstack roles: on-site, hybrid, or remote.
